

Project Name:	Engineering Services
Project Location:	Sterlington, Louisiana
Project Completion Date:	Ongoing
Project Duration:	3 Years
Project Value:	\$100,000
Client Name:	Angus Chemical
Client Contact:	Mr. John Sutton
Client Phone Number:	318- 665-5353
Technology Used:	Not Applicable

Project Description

In 1996, SEMS began performing semi-annual monitoring, sampling and reporting for Angus Chemical in Sterlington, Louisiana. This project includes the semi-annual monitoring and sampling of 9 monitoring wells and preparation of reports for submittal to the Louisiana Department of Environmental Quality.

SEMS has performed additional projects for Angus Chemical including the installation of three monitoring wells in June 1996 and the advancement and sampling of a soil boring for a new cooling tower construction in September 1996.
